FILIPINOS NOT READY FOR LIBERTY.

They Would Make
Rome Howl if Given
Their Freedom.

WASHINGTON, April 30.—Major General MacArthur today gave further testimony before the Senate Committee on the Philippines. He explained his statement made yesterday that absolute chaos would result should independence be given the Filipinos and the United States forces be withdrawn, by saying that the people of the Philippines, being less prepared for self-government and administration than any of the Latin American Republics, at the time of their emancipation from Spain, their own unaided efforts to accomplish self-regeneration would in all probability prove abortive.

The people of the Philippines, he said, have rudimentary ideas and aspirations and are therefore in an essentially plastic condition, which under the tutelage of the United States would, in his opinion, admit of a rapid molding of the body politic into consistent, self-supporting commonwealth.

Even the best thinkers, he said, among the Filipinos, have no conception of what the practical results of independence are, and he is anxious to attain can be successfully accomplished.

American withdrawal from the islands would in his opinion result in the permanent failure of republicanism in the East and a fratricidal war which would engulf the Philippines.

"The broad generalization, he said, is reached that the United States must retain the archipelago as a tutelage, which is the only way to secure the permanent future of the Philippines. He gave it as his conscientious belief that the presence of the United States in the Philippines is an unmitigated benefaction to the Filipino people."

"Do you mean the Filipino people that are left after they have been subjected?" inquired Senator Patterson.

General MacArthur declared that he did not mean that there would be any permanent destruction of life in the Philippines.

"The destruction," said he, "is simply incident to war and of course, embraces a very small percentage of the total population, which is dense."

"Thirty-three and a third per cent in one province," remarked Senator Patterson.

Replying to this statement General MacArthur informed Senator Patterson that if he preferred to believe that he (MacArthur) could not help it.

"We have as much right to believe that from an American officer who is connected with the civil government and who is there in the province, as we have to believe you," replied Senator Patterson, which brought the report from General MacArthur.

"You can believe, believe what you wish and I will believe what I wish," the committee, by a strict party vote, refused to receive Major General MacArthur, Aguinaldo, Sixto Lopez and Mabini.

JUDGE EDGAR DOES NOT FEAR THE BERKELEY TOWN TRUSTEES.

BERKELEY, April 30.—Judge Edgar today issued an open letter in which he defines his position relative to the Board of Town Trustees holding up his salary.

"The talk of the Trustees bringing a mandamus suit against me to compel the issuance of a warrant for the arrest of C. C. Webb, who is alleged to have violated the ordinance relative to blocking a natural water way, is all nonsense."

"In the first place, Webb has been tried twice and dismissed."

"Attorney Hayne secured a continuance of the case for seven months during the last trial. The case was dismissed by Judge Stetson of Oakland, sitting for me, for lack of prosecution. Now he comes to me with the same complaint, issued on the same data and alleging the same specific offense, and asks for a warrant. The statutes specifically forbid me issuing a warrant where the case has been dismissed for lack of prosecution."

"Attorney Hayne told me it was folly to have another warrant issued, but that he had to do something to make a showing."

"I am sorry, but I cannot be of assistance to him merely because he wishes to make a showing before the Trustees irrespective of the law."

"As to holding up my salary on account of the alleged illegality of the office, it is foolish, as Judge Greene decided in my favor two years ago, when the same question was submitted to me."

"If my salary is not forthcoming within a reasonable time, I will bring mandamus proceedings to compel its payment."

READY TO OPEN THE BIG CONVENTION IN THE SOUTH.

Delegates Are Coming From All
Sections of the United States—
Prominent People Attend.

LOS ANGELES, Cal., April 30.—The opening of the Biennial Convention of Women's Clubs only twenty-four hours away, the finishing touches have been put on the headquarters of the Convention at Simpson's Auditorium, the local committees who have been working for weeks in preparation for the coming of the club women, have completed their arrangements and with the arrival today of hundreds of delegates from the East everything is in readiness for the opening session tomorrow morning.

Every overland train that arrived today brought its quota of delegates. Four special trains came in during the day and by tonight the last delegate will have reached the city.

General headquarters were opened at 10 o'clock this morning at Simpson's Auditorium and the committees on credentials and information began their task of registering the delegates, issuing tickets and giving out information.

The various State delegations have established headquarters at the different hotels and at each place committees from the local clubs are in attendance. The question of arranging for overflow meetings to accommodate the thousands who will be unable to gain admittance to the regular sessions in the Auditorium, was discussed at a meeting by Mrs. Rebecca Douglas Lowe, President of the Federation and the members of the local Biennial Board. The seating capacity of the Convention Hall will be taxed to the utmost to accommodate the accredited delegates and it is probable that outside meetings will be provided.

One of the most prominent of today's arrivals was that of Mrs. Dimas T. S. Denison of New York, who, it is announced, will be a candidate for the Presidency of the Federation.

The claims of the East to have a President have been generally acknowledged and Mrs. Denison's efficient management of General Federation matters as the Acting President during Mrs. Lowe's absence has won much praise and it is said there are many who would like to reward her by placing her in the highest office within the gift of the Federation.

Delegates have already begun to talk about the place in which the next meeting of the Biennial will be held. The delegates from States that hope to hold the next convention were button-holing their sister club-women today, expounding to them the advantages of each particular place.

Kansas City is making an effort for the next meeting.

The delegates from Kansas, Missouri, and the neighboring States are working solidly and enthusiastically to secure the meeting.

New York also wants the next biennial, and besides the delegates from the Empire State, most of the New England representatives are working to secure the meeting.

The opponents of New York say that the city is so large that it is inconvenient to keep the Convention together, and they therefore insist on holding the Biennial in some smaller city. Minneapolis wants the next meeting, but it is not thought that her chances are very good, since the last meeting was held in Milwaukee.

ST. LOUIS, Mo., April 30.—M. E. Lowe, General Attorney for the Chicago, Rock Island and Pacific Railroad, stated today that the Harriman Syndicate, embracing that property, had purchased the St. Louis, Kansas City and Colorado Railway, operating between St. Louis and Union, Mo., and had authorized the Mercantile Trust Company to negotiate for the purchase of the Wiggins Ferry stock at \$500 a share. With the purchase of the St. Louis, Kansas City and Colorado Railway, the Rock Island secures the right of way into St. Louis and with the acquisition of the property of the Wiggins Ferry Company ample terminal facilities will be had.

Mr. Lowe declined to state the price paid for the Colorado road. He said the Mercantile Trust Company had secured an option on a majority of the stock of the Wiggins Ferry Company, the purchase price of which would be more than \$5,000,000, recently mentioned.

same complaint, issued on the same data and alleging the same specific offense, and asks for a warrant. The statutes specifically forbid me issuing a warrant where the case has been dismissed for lack of prosecution."

"Attorney Hayne told me it was folly to have another warrant issued, but that he had to do something to make a showing."

"I am sorry, but I cannot be of assistance to him merely because he wishes to make a showing before the Trustees irrespective of the law."

"As to holding up my salary on account of the alleged illegality of the office, it is foolish, as Judge Greene decided in my favor two years ago, when the same question was submitted to me."

"If my salary is not forthcoming within a reasonable time, I will bring mandamus proceedings to compel its payment."

Public spirited people are responding generously and promptly to the exigency caused by the burning of the King's Daughters' Home for Incurables. Among those who believe in the practical side of charity is Mrs. Roland G. Brown of 1259 Jackson street. When she sympathizes with distress she puts her sympathy into the concrete form of dollars and cents. This morning she sent \$20 to THE TRIBUNE office for the emergency fund of the King's Daughters' Home.

The money has been turned over to Mrs. Matilda Brown, President of the Home.

In addition to the contributions to the emergency fund reported in yesterday's TRIBUNE, the following donations have been received:

Timothy L. Barker.....\$100
Mrs. Ernestine Delger.....50

Mrs. John Wright of Fruitvale..... 25
A Friend..... 20
Mrs. J. A. Bunting of Centerville 25
Ladies Aid Society of the First Congregational Church..... 100
Mrs. Roland G. Brown..... 25

Total.....\$345

The above donations were sent in payment of household goods that came in opportunity.

H. C. Capwell of the Lane House also sent a handsome donation of household goods.

Architect D. F. Oliver of Fruitvale has kindly volunteered to draw plans for a new home and Superintend construction of the same free of charge. As soon as they can, the King's Daughters propose to make an organized campaign for the collection of funds with which to rebuild the home. They have received many assurances of assistance and feel confident of a liberal response to the appeal for aid they will shortly issue.

GAVE ORDER TO POISON THE SPEARS.

American Soldiers
Were Given a Hard
Deal in Samar.

MANILA, April 30.—Lieutenant Geo. P. Shields, aide-de-camp to General Jacob H. Smith testified at today's session of the court.

Lieutenant Shields said he knew the signature of Gen. Lukuan, who was captured February 22 by Lieutenant Stedler's Filipino scouts in the island of Samar.

The order issued to poison the natives' spears was undoubtedly signed by Lukuan.

The witness also said Lukuan confessed to him that he was the author of the proclamation setting forth that German warships were bombarding Vigan and that the Filipino navy was blockading Manila, which was issued to encourage the Filipinos.

The defense then rested its case and the court adjourned until Saturday.

JIM CORBETT WANTS ONE MORE CHANCE.

He Wants to Meet the
Winner of the Jeff
Fitz Contest.

SAN FRANCISCO, April 30.—James J. Corbett, former champion of the world, intends to make one more attempt to regain his lost position.

Since he lost his belt to Robert Fitzsimmons in Carson City he has fought several championship bouts, always putting up a strong battle but never winning. He now announces that if the Jeffries-Fitzsimmons contest takes place in July he will combine pleasure with business and challenge the winner while paying a visit to his old home.

His brother, Harry Corbett, said today.

"Yes, Jim has notified me that he wants to make one more try for his old place as champion. He figures that he is a good man yet, and he isn't the only one that thinks so. I know hundreds of judges that have money right now to back him against any one of the big lights of the ring. If his last fight with Jeffries had been a twenty-round affair my brother would have been an easy winner, as he had all the best of it upon that time. Any way he will probably have a chance to see what he can do in a few months. He says he wants to see the fight if it takes place here in July, and then challenge the winner to a contest some time in September."

Morris Levy for the Hayes Valley Club will make a try for the bout. His club has the franchise for September, and as Corbett wants to fight here that month it seems likely that he will succeed. Corbett, in a recent letter, says: "Every one all over the world knows that I am from Hayes Valley, San Francisco, and I naturally would like to fight under the auspices of its club."

YOUNG NEGRO ASSAULTS GIRL ON A CAR.

Miss F. Askquith Gives
a Battle to a Bold
Brute.

The police are looking for one John Doe, a colored race track attache who is badly wanted for seizing on a young lady in the street.

The negro made himself obnoxious to Miss F. Askquith, a pretty young girl of 16, who was on her way into town early last evening on a San Pablo avenue car. He began to jostle her as soon as she got on the car, and when she stopped the car at Twelfth and Broadway he grasped her roughly by the arm.

Miss Askquith pluckily slapped the brute's face, but he did not desist and grasped her only to again be soundly slapped for his pains. He then disappeared.

Mason, who was a witness to the latter end of the episode, promptly swore out the necessary warrant.

PANIC KILLS SEVEN GIRLS.

WILD STAMPEDE IN A CIGAR FACTORY CAUSES FRIGHTFUL DISASTER.

PHILADELPHIA, Apr. 30.—Seven girls are known to have been killed and more than a score injured during a panic at the cigar factory of Harberger, Homan & Co., at Tenth street and Washington avenue, at 12:15 this afternoon. The company employs over 600 girls.

At 1:15 P. M. the police report that seven girls are dead as a result of injuries received in the panic, three are dying at the hospital and the excitement is under treatment for injuries. They say that 1200 girls were employed in the factory.

A deaf and dumb boy employed in the factory caught his hand in the elevator and in his effort to make his mishap known he rushed into the crowd and was trampled to death.

NAVAL OFFICERS IN
AN ITALIAN PRISON

ARRESTED IN VENICE FOR ASSAULTING THE POLICE—
CLEMENCY REFUSED.

ROME, April 30.—The officers of the United States cruiser Chicago who were arrested at Venice remain in prison there. An application for their discharge has been rejected. The Italian law does not allow the court to grant pardon in cases of assaults on the police.

Some of the newspapers mention the lynchings of Italians in the United States as a sufficient reason for the refusal of Royal clemency. It is considered probable, however, that the prisoners will be released by order of the King on June 1, the date of the constitution.

WASHINGTON, April 30.—Secretary Long has received the following telegram from Captain Dayton of the Chicago, dated Venice yesterday, in answer to the Department's inquiry: "Dodderidge, Wynne, Ledbetter, Knies and one marine on leave requested principal charge resisting police: serious under Italian law. Sentences, Wynne four months ten days; remainder three months each. Have not their full statement or a report from court, but applied for. Resisting arrest largely due to pressing in of crowd and not understood language. Appeal made to Rome. Impossible to explain all circumstances by cable. Will make full report."

IT IS HELD IN HONOR OF REV. EREND ROBERT E. KENNA.

SAN JOSE, Cal., April 30.—The feast of St. Robert, in honor of the President of Santa Clara College, Rev. Robert E. Kenna, is being fittingly celebrated at Santa Clara College today. The custom is time honored, the students setting apart a day each year to be devoted to athletic sports and a reception to their President. During the incumbency of Rev. Father Kenna, the exercises are held on April 30th, the feast of St. Robert of Molesme, after whom Father Kenna was named. The events began at 8:30 A. M. and continued until 11:30. This afternoon exercises will be held on the campus and this evening the students will tender a reception to Father Kenna in College Hall.

H. V. MOREHOUSE BRINGS SUIT AGAINST G. H. COLLINS.

Attorneys Will Battle in Court Over
the Right to Handle an Estate
Valued at \$300,000.

George H. Collins, the San Francisco attorney, was today made the defendant in a suit for an accounting that involves an estate valued at about \$300,000.

The suit is brought by William Crane Spencer, assignee of H. V. Morehouse of San Jose.

It appears from the complaint that on July 8, 1898, Abner Paul Marston came into possession of property valued at \$300,000, in Maine, Massachusetts, Connecticut, Wisconsin, Florida, Washington and North Dakota. The property was devised to Marston by Abner Coburn, who died at Skowhegan, Me., but it was to be held in trust for him until he attained his majority.

The complaint further recites that Abner Paul Marston assigned ten per cent of his property in 1898 to H. V. Morehouse and F. J. Hamblin of San Jose, Morehouse to receive six and two-thirds per cent and Hamblin three and one-third per cent.

The contract was made to enable Morehouse and Hamblin to look after the estate and in July, 1898, Marston supplied the attorneys with \$1,250 to enable Morehouse to go to Maine and North Dakota for that purpose. Continuing, the complaint states that on January 27, 1900, "Abner Paul Marston wrongfully and unlawfully and without the consent of said H. V. Morehouse, made, executed and delivered

to the defendant, George H. Collins, a deed of conveyance of the whole of said personal property and real estate and that by virtue thereof said Geo. H. Collins became and ever since has been the ostensible owner of the property so devised and bequeathed to said Abner Paul Marston; that said transfer so made to George H. Collins was made by said Abner Paul Marston with intent to cheat and defraud said H. V. Morehouse out of his said interest in said property."

This transaction between Marston and Collins, the complaint alleges, was made so that Collins could hold the property in trust for Marston for the purpose of paying claims subsequent to the claim of Morehouse and after the payment of the claims to turn the property back to Marston. Marston, according to the complaint, became of age October 8, 1899, and therefore Collins, as trustee, received the property in trust. It is alleged that Collins holds as such trustee, \$101,000 in cash and other personal property in the State of California, but that he refuses to recognize the plaintiff's right to the \$20,000 assigned by Morehouse.

The suit is for a complete accounting of the transactions between Collins and Marston for the six and two-thirds per cent of the estate and for an order enjoining Collins from transferring or otherwise disposing of any portion of the estate.

SOCIETY PEOPLE WERE AT THE WEDDING OF MISS HUNTINGTON.

SAN FRANCISCO, April 30.—The wedding of Miss Clara Huntington and Gilbert Brooke Perkins was solemnized at Trinity Church today, the Right Rev. H. C. Brent, the Bishop of the Philippines, officiating, assisted by Rev. F. M. Clappert, rector of Trinity Church. The wedding was one of the social events of the season and Trinity Church was crowded with the friends of the bride and groom. The bride was gown in white satin with a long tulle veil, a wonderfully beautiful creation of a bouquet of lilies of the valley and wore a necklace of large pearls, the gift of Mrs. Collis P. Huntington.

The bridesmaids and maid of honor were gown in dainty frocks of old pale green silk, with chintilly lace over them. The gowns were trimmed with white moire and ribbons and sashes. They wore white hats with white flower trimmings. The maid of honor, Miss Elizabeth Huntington, sister of the bride, carried pink velveteen, and the bridesmaids carried white. They wore Miss Alice Hoffman, Miss Jean Nokes, Miss Marian Huntington and Miss Anne Henry of Cincinnati.

The groom was attended by Howard E. Huntington, the only brother of the bride.

A wedding breakfast for which 200 invitations had been issued, was served at the Huntington residence immediately after the ceremony.

Miss Huntington is the eldest of the three children of H. E. Huntington, who inherited most of the estate of the late Collis P. Huntington.

MRS. KELLY IS

WOMAN DRIVER ON
BROADWAY.

The suit for \$500 damages brought by Mary Kelly against Margaret Desmoulin was begun before Judge Ogden this morning.

The plaintiff claims that, while she was walking across Broadway on August 28, 1901, she was run down by Mrs. Desmoulin at Ninth street and received injuries which she believes will prove permanent.

According to Mrs. Kelly the defendant was driving at a fast rate of speed down Broadway and at the southeast corner of Ninth and Broadway she was run down and knocked unconscious. The defendant did not stop, but turned down Ninth street and Mrs. Kelly was left to be picked up by passing pedestrians and removed to the Receiving Hospital. The wheels of the buggy, she avers, passed over her body badly bruising her body, head and limbs and she was confined to her bed for a month, suffering from nervous prostration. She alleges that she was the victim of great physical suffering and mental agony.

The trial is still in progress.

7TH AND BROADWAY
OAKLAND, CAL.JOHN BOHAN DROWNED
NEAR GILROY HOT SPRINGS

John Bohan, a citizen of Oakland, was drowned Thursday by the Coyote creek near Gilroy Hot Springs. The verdict was that deceased came to his death by accidental drowning.

Bohan's home was at 4200 Telegraph avenue, Oakland, where his family resides. He was a blacksmith in that city for many years, and accumulated a snug fortune. Recently he has been in feeble health, and determined to go to Gilroy Hot Springs for rest and the baths. He arrived there Thursday morning. After the noon meal he went for a walk. When he did not return some search was made for him. He was traced to the Coyote creek, and it was supposed that possibly he was fishing. Still he could not be found, and the searchers were about to give up the look when his hat was seen floating in a deep pool of water. In a little while his body was discovered. This was removed to Gilroy.

The testimony at the inquest showed that his tracks were seen going to the creek a few feet above where the body was found. There are some stones in the creek, round and smooth, on which one steps to cross the stream. They are just above a deep pool. Bohan's footprints were on this about half way across the stream, with marks on one, giving evidence that he had slipped and pitched head foremost into the deep pool. As there was no reason for thinking that he would make way with himself, the jury, under the testimony that indicated an accidental fall into the water, returned a verdict of accidental drowning.

A son of the deceased was called to Gilroy and was present at the inquest. He testified that his father was 52 years old and had resided in Oakland twenty-seven years. The body was taken there yesterday afternoon for interment.

The deceased resided in a comfortable home at 4200 Telegraph avenue, and for many years has kept a horse-shoeing establishment at 269 Twelfth street.

No citizen of Oakland bore a better reputation for industry, sobriety, thrift and square dealing than John Bohan. He resided here for twenty-seven years, and during all that time no man ever knew him to do a mean act or to comport himself otherwise than as an exemplary citizen. He was universally respected for his probity and his careful solicitude for his family.

He was a model husband and father. He married early-handed, when young, but by dint of hard work and shrewd economy he amassed a handsome property, which he leaves along with the rich legacy of a good name to his family.

While rising by a competence, Mr. Bohan reared nine children—six sons and three daughters—to whom he gave all the educational advantages afforded by the schools and facilities of this city. They are growing up to a credit to their parents and an honor to the community. The two oldest sons managed the shop their father founded so many years ago, and in which he built up his fortune. His domestic life was singularly happy and his business affairs are in admirable order. He unfortunately lost his life at the very moment he had made up his mind to retire from business and rebuild his broken health.

Mr. Bohan's wife and children induced him to go to the springs because he could not be kept from attending to business so long as he remained at home. He was seized with a sudden fit of faintness when he fell in the water.

The body was brought to Oakland and interred Sunday in St. Mary's Cemetery. The funeral was largely attended.

DEATH OF A
NOTED SISTER.

SACRAMENTO, Cal., April 30.—Mother Mary Vincent, one of the best known of the religious women of the city, died at the convent in this city today, after a long and very severe illness.

Her birth name was Mary Philomena. She was born in Dublin 62 years ago today.

No woman was more sincerely respected or more deeply loved by her fellow sisters in this section of California.

The funeral will probably take place on Saturday next.

There was a large attendance at the Requiem Mass last night, the occasion being the opening of the Wards engagement. "King Lear" was produced in grand style. Tonight Mr. Ward will play "Virginia".

The touching story of "Virginia" was first made known to us in the narrative of Livy, whose fine imagination and poetic temperament gave it an added charm. The play, of the genre of "Ancient Rome," by Thomas Babington Macaulay, has made the story familiar to almost every scholar and student of literature. In the early part of the past century (1820) the dramatist James Sheridan Knowles adapted it to the stage, and was fortunate enough to have the assistance of the distinguished tragedian Mr. Macready in its presentation, and from that time to the present day the role of "Virginia" has been a favorite one with the greatest actors of the world, and with the public, while Hazlitt, the celebrated critic of the day, pronounced the play the best acting tragedy of the modern stage. The production will be given on a large scale.

LADY FRIGHTENS
OFF SNEAK THIEF

Mrs. W. H. Rowe of 1033 Twenty-ninth street returned to Chief of Police Hodgkins this morning what she believes to have been another bold attempt at burglary.

She said that at about 1:45 o'clock this morning she was awakened from a sound sleep by a hand groping about under her pillow. She grasped the arm of the burglar, broke away and dashed through the hallway and through a back window. It was so dark she could see nothing and was unable to say whether the would-be burglar was black or white, short or tall.

An examination of her apartments last showed that she had lost nothing.

CONTRIBUTORY NEGLIGENCE.

The Southern Pacific Company has answered the damage suit brought by Elizabeth Schmitt, an administratrix of the estate of the late Peter Emrich, who was killed by a train on Union street in Emeryville.

After denying the allegations of the complaint the answer avers that the defendant attempted to cross the track in front of the San Ramona local, with due care and without fault, and that the accident was caused by the negligence of the defendant's right of way and that defendant went upon the track in front of said engine when the same was so close that it could not be stopped to avoid collision.

ON THE STAND.SOCIETY LEADER SAYS MRS.
WAY'S MIND PLAYED HER
TRICKS.

The contest of the will of the late Maria Way, which has dragged along in the Probate Court for weeks, was enlivened this afternoon by the testimony of two star witnesses.

The first witness was the Rev. W. W. Scudder of San Francisco, who testified that he did not consider that the decedent's mind was strong at the time he knew her; the second was Mrs. Monroe Salisbury, society leader and late rival of Edward M. Greenway.

Mrs. Salisbury knew Mrs. Way in life and she said that she considered her very frail both of mind and body.

"Do you think she was qualified to write a will?" asked Attorney Gibson.

"Not more than one or two lucid sentences," answered Mrs. Salisbury.

"Would you say that she was insane?"

"I would say her mind played her strange tricks," answered the society leader.

BOER LEADERS
STILL FIGHTING.STORY OF GENERAL DELAREY'S
SURRENDER BRANDED A
FAKE.

LONDON, April 30.—There is no truth in the report circulated in the United States today that General Delarey, with three Boer commands, had surrendered to the British in South Africa.

The War Office received a dispatch from Lord Kitchener today but he made no mention of surrenders. Operations on the Stock Exchange were busy with peace rumors, but they were all very intangible. The Boer commander was said to have surrendered. This latter was supplemented by the New York report that General Delarey and three commands have given themselves up.

As a matter of fact Delarey arrived at Klerksdorp, April 24th and his commands, under General Kemp, were arranging to hold a meeting westward of that place during the present week.

A dispatch from Pretoria, dated today, announces that Secretary of State Reitz of the Transvaal has had a meeting with General Delarey at Klerksdorp, but the result, if any, is not known.

The Supreme Chief Ranger include provision for the establishment of a sick benefit fund by the Supreme Court, and amendment to the present law authorizing the Chief Ranger to create Foresters at sight. These amendments are radical changes from the existing laws of the order and a spirited debate on the subject is expected before final action is taken on them.

"Get up!" The mother smiles at the baby's excited eagerness and pretends to quicken her pace. In the sweet service of this first-born little one she has not yet learned that what is now play may become earnest and her whole life dominated by a baby cry. "Get up!" When she is snatching a few minutes' rest from her household labors she will have to get up to answer the scream which tells of some childish mishap. When she has sunk into slumber at last, weary of the day and its trials, baby's wail will again demand that she get up and minister to his needs. And so she lives her life. Child follows child and to each in succession she sacrifices rest and sleep. For each she slaves a little more ardently. And when word and faint her feet move slowly, some childish need will re-echo the old cry, "Get up!"

The mother who rears a family and labors for them will surely lose her strength and fall off in looks unless she makes a proper provision for self-preservation. It needs no argument to prove that the strength the mother gives to the child she bears and nourishes must be replaced if she is to preserve an even balance of health. It is also plain that the mother who begins life for two must have health for two. The problem of motherhood is how to offset the strain and drain of maternity, and be the healthy mother of healthy children.

This problem is solved for those who use Dr. Pierce's Favorite Prescription as a preparation for maternity, and as a tonic and nerve to promote a quick recovery. "Favorite Prescription" tranquilizes the nerves, encourages the appetite and induces refreshing sleep. It gives great muscular strength and elasticity, making the baby's advent practically painless.

"I am thankful to the friend who first recommended your medicine," writes Mrs. Annie M. Brook, of Smithfield, Fayette Co., Pa. "We have a twelve-pound baby three weeks old. I took three bottles of 'Favorite Prescription' before baby came, and the time was only one hour and a half. Have had five children, and before this always had a severe time, lasting two or three days, and never was able to do any work for about two months afterward. Now I am doing all the work for four children. My friends say I look better now than ever before. We have one of my sisters to take Dr. Pierce's Favorite Prescription, which she did and when her child was born the time of suffering was very short. She has better health now than since her marriage, some two years ago. We cannot praise Dr. Pierce's medicine enough. I thank you for the kind advice you gave when I wrote to you. Whenever I see other women suffering I tell them about your wonderful medicine."

Many women make a very slow recovery after maternity. In spite of all that can be done the strength does not come back. In such circumstances the remarkable tonic effects of Dr. Pierce's Favorite Prescription are perfectly proved. Recovery is quick and prompt and with it comes a strength unknown before. This is the common experience of mothers who use "Favorite Prescription," which is not a mere temporary tonic but a real strength-giving medicine. For nursing mothers it excels all malt beverages and stimulants, increasing the flow of the nutritive secretions and giving the mother strength to give her child.

"My baby came the latter part of October, and is a fine boy; weight about nine pounds," writes Mrs. Annie E. Hagerman, of West Philadelphia Street (Berkeley), York, Pa. "Am sure he would not be had it not been for your 'Favorite Prescription.' He really is a very strong child. I have been feeling fine since taking your medicine. Have not the pain around my heart, and nerves have been a great deal better. Uterine trouble was much better all the time I was taking your medicine. I cannot recommend it too highly. Have told my friends about it, and one of them said she was going to write to you at once. I took twelve bottles before baby was born and two afterward."

Dr. Pierce's Favorite Prescription is a reliable woman's medicine. It is a purely vegetable preparation and contains no alcohol, neither opium, cocaine nor any other narcotic. It cannot disagree with the weakest constitution. "Favorite Prescription" perfectly and permanently cures the diseases which weaken women. It establishes regularity, dries enfeebling drains, heals inflammation and ulceration and cures female weakness.

Sick women are invited to consult Dr. Pierce by letter free. All letters are held as strictly private and the written confidences of women are guarded by the same strict professional privacy observed by Dr. Pierce and his staff in personal consultations with weak and sick women at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Address Dr. R. V. Pierce, Buffalo, N. Y.

The dealer who offers a substitute for "Favorite Prescription," does so to gain the little more profit paid on the sale of less meritorious medicines. His profit is your loss; therefore, accept no substitute.

THOUGHTFUL MOTHERS will find much to interest and instruct them in Dr. Pierce's Common Sense Medical Adviser. This great work contains more than a thousand large pages and over seven hundred illustrations, and is sent FREE on receipt of stamps to pay expense of mailing ONLY. Send 31 one-cent stamps for the volume in cloth binding, or only 21 stamps for the book in paper covers. Address Dr. R. V. PIERCE, Buffalo, N. Y.

OAKLAND TEAM EXPECTS TO BEAT SACRAMENTO.

OAKLAND BOYS TO GO TO SACRAMENTO

EXPECT TO MAKE A WINNING IN THE CAPITAL CITY.

Oakland fans journeyed to Golden Gate in large numbers today to see Rubie Waddell, rated the star twirler in Morley's band of marvels, in action this afternoon. He is scheduled to do the slab work for the team from the City of Angels today if the game against Harris' sheldons.

It might be well to add here that while in Southern California the players gained much respect for big Reuben.

Before leaving for Los Angeles Captain Shugart and his men promised to make a monkey of the big southpaw, and during the game last Sunday when Rubie was twirling, Captain Reilly was reminding Rubie of his promise.

Glendon, the new twirler imported by Uncle Hank Harris, is in active practice and will be seen in the present series with Morley's marvels. He says he left Cincinnati because he was unable to get in condition there.

In the present series the players will change positions. McDonald, who has been working in Southern California comes to San Francisco and John O'Connell goes to Sacramento, where tomorrow Lohman's Little Ones will meet Fisher's Detective Band. The leaving of O'Connell will be regretted by local and San Francisco fans. In the present series the players will change positions. McDonald, who has been working in Southern California comes to San Francisco and John O'Connell goes to Sacramento, where tomorrow Lohman's Little Ones will meet Fisher's Detective Band. The leaving of O'Connell will be regretted by local and San Francisco fans.

Pete Lohman will not take his Little Ones to Sacramento until tomorrow. He is anxious to see how the San Francisco and Los Angeles teams line up and all the boys are watching the game this afternoon.

McDonald has been hit as an umpire. He is with the American Association and his first work behind the pitcher was at Toledo. He umpired an eleven inning game, where close decisions were frequent and his work was not questioned by fans or players.

OAKLAND TRIBUNE
Tribune Publishing Company William E. Dargie, President

WELL DONE, COUNCIL!
THE NEW EXCLUSION BILL.

It is done and well done. In passing to print unanimously the Santa Fe franchise, the Council did what was expected of that body and what THE TRIBUNE predicted would be done. While the Council has only done its duty in the matter, it has met the highest point of public expectation, and therefore deserves the thanks that should be the meed of a duty well done.

It may be said in passing, as a matter of simple justice to all, that there never was any doubt of the franchise being granted. There never was any opposition to it. The only point at issue was a pertinent inquiry whether it would be wise to grant it divested of restriction. Even this spirit of inquiry never assumed an aggressive form nor did it go beyond a candid examination of the terms of the franchise asked for. It never delayed action for one moment, and was entirely relieved of any desire to obstruct.

While we believe the imposition of restrictions would have been unwise and unnecessary, a Councilman is only doing what is manifestly his duty in investigating for himself and raising any valid objections that may present themselves to his mind. A man who would do otherwise is unfit to be a Councilman. The queer notion that a Councilman should have no individual judgment or right to form opinions of his own, if followed, would destroy representative government and make every legislative chamber a gathering of jumping jacks dancing as somebody pulled the strings behind the scenes.

President Schaffer voted for the franchise in obedience to the overwhelming popular wish, but he manifestly stated his objection to granting it without restriction. His objection may be a mistaken one, but it was his plain duty to state it. Time alone can vindicate his judgment or prove it to have been in error, but he would have been derelict had he neglected to voice it at this time. His opinion is wrong in our opinion, but he was right in asserting it.

The action of the Council meets with universal approval. Whatever may be thought by individuals, it is evident that public sentiment almost without division, desired the Santa Fe to be given its franchise. It is the popular belief that it will greatly promote the growth and welfare of this city—that it will attract population and investment here, and stimulate industry and building operations. THE TRIBUNE is in accord with the belief. It believes the coming of the Santa Fe will mark a great advance in the relative importance of Oakland, and that its future prosperity will be placed on a firmer basis and property values given a securer foundation. Probably all the bright hopes now entertained will not be realized, but we are confident that the city has served its permanent interests well in making way for the entrance of the Santa Fe Railroad.

A QUEER POLICE FUNCTION.

It is now charged, with a color of truth, that the photographing of the letters of the strike leaders in the San Francisco postoffice was done by direction of the Chief of Police, or at least under his authority. If the charge be true, the Chief has been guilty of a remarkable proceeding. What right had he to meddle in the strike further than to preserve the peace? What concern of his was it what letters Mr. Cornelius received or who wrote to him? The strike was not an unlawful proceeding and had not produced any illegal or violent acts. Yet here is the Chief of Police tampering with the private correspondence of citizens for no other reason than that they were having some differences on the labor question with some wealthy capitalists. The inference of the proceeding is that the police department was lent to Mr. Vinling as an agency in his spy system. It is difficult to arrive at any other conclusion than that Chief Witman was using the authority of the police department to obtain surreptitious information for the private use of Mr. Vinling and his corporation. And it appears that this was done under false pretenses. It is now a question how far this thing shall be permitted.

Senator Teller said nothing so barbarous in law had occurred since the Middle Ages as the order of General Smith. That order is bad enough and shameful enough, but there is no need to paint it blacker than it really is. Did Senator Teller ever read of Cromwell's massacre at Drogheda or the massacre at Glencoe during the reign of William of "pious and immortal memory"? Did he ever hear of Napoleon having 3,000 prisoners shot in his Syrian campaign? Did the Colorado Senator ever read the story of the extermination of the Indians of Cresap and Logan? Did he ever hear of one Colonel Chivington and the battle of Sand Creek?

Perhaps Colonel Watterson is disposed to regard President Roosevelt as a "brunch buster" because he refuses to stride the Democratic donkey. The man on horseback is the antithesis of the man who rides an ass.

The Stockton Independent calls San Francisco, "an amusing hamlet." By which, Stockton is an amusing member.

SOCIAL EVENTS THAT CONCERN SWELL SET.

Mrs. Cockroft Entertains the Hill Club—Weddings, Luncheons and Parties.

Mrs. Louis F. Cockroft was hostess at the regular meeting of the Hill Club Monday. The program was very interesting. The hostess read a number of selections from Jacob Rits' new book, "The Making of an American." Miss Edith Hubbard then sang "A Red Rose" in a pleasing manner, and was followed by Miss Anna Whitney, president of the Associated Charities, in an instructive talk on "How to Help Our Poor." At the close of Miss Whitney's talk the questions raised were generally discussed.

Miss Lorena Hoag, the young society girl from Santa Rosa, whose delightful readings have received flattering applause every time she has appeared in public since her short residence in this city, was heard in several selections, every reading being enthusiastically encored.

Mrs. J. J. Warner closed the program with a pleasing vocal selection, after which tea and dainty confections were served. The members of the Hill Club are Mrs. David A. Spencer, president; Mrs. F. P. Cutting, vice president; Mrs. E. D. Flint, secretary; and Mrs. E. H. Brown, Mrs. L. Tashera, Mrs. Harmon Bell, Mrs. E. C. Prather, Mrs. P. Leach, Mrs. E. P. Cook, Mrs. G. W. Cope, Mrs. W. C. AN ALAMEDA LUNCHEON.

Mr. and Mrs. F. A. Berlin gave a delightful reception and dance Saturday evening at their home on High Street in Alameda, the guests of honor being members of the Alpha Tau Omega of Berkeley.

Mr. Berlin was a member of that fraternity at the University of Virginia, where he received his education. The guests were received with characteristic Southern hospitality. The residence was elaborately decorated with blue and gold and lighted with lanterns and candles, shaded with those colors.

An orchestra supplied music for dancing, and the supper was served, the table being almost hidden under a mass of poppies. Mrs. Berlin was assisted in receiving by Mrs. Berling Robertson and Mrs. J. L. Crittenden.

COSMOS CLUB.

The Cosmos Club had a meeting Monday at the residence of Mrs. A. A. Moore. The day was "prize day." Mrs. E. M. Walsh holding the highest score. Mrs. Walsh will be the hostess at the next regular meeting of the club on May 12.

The members of the Cosmos Club will be guests at a luncheon to be given by Mrs. E. G. Lukens this afternoon.

EUCHRE CLUB MEETING.

Mrs. E. E. Wade entertained a euchre club at her home in East Oakland Monday. Dainty refreshments were served and the rooms were tastefully decorated with lilies. This club is one of the oldest organizations of the kind in East Oakland. The members play euchre every two weeks and account is kept of the scores. The lady who has kept the highest score all during the season is awarded a handsome prize at the closing meeting, which is generally a large affair.

MISS BONNIE DELANO

A Chicago Society Lady, in a Letter to Mrs. Pinkham says:

"DEAR MRS. PINKHAM:—Of all the grateful daughters to whom you have given health and life, none are more glad than I.

"My home and my life was happy

until illness came upon me three years ago. I first noticed it by being irregular and having very painful and scanty menstruation; gradually my general health failed, I could not enjoy my meals, I became languid and nervous, with gripping pains frequently in the groins.

"I advised with our family physician who prescribed without any improvement. One day he said:—'Try Lydia Pinkham's Remedies.' I did, thank God, the next month I was better, and it gradually built me up until in four months I was cured. This is nearly a year ago and I have not had a pain or ache since."

POLICE BOARD IN WEEKLY SESSION

RESOLUTIONS OF RESPECT FOR THE LATE HENRY NEDDERMAN WILL BE PASSED.

There was little business to be considered when the Board of Police and Fire Commissioners came together this morning in regular meeting. Mayor Barstow, City Engineer Turner and City Attorney Johnson answered the roll call.

The requisitions for supplies made by Chief of Police Hodgkins and Chief of Fire Commissioner Barstow were also approved.

Five demands aggregating \$18.23 against the Police Fund, 17 demands aggregating \$102.65 against the Fire Fund and five demands aggregating \$269.67 against the Fire Alarm and Public Telegraph system were also approved.

A communication was received from Chief of Police Hodgkins reporting the death of retired police officer Henry Nedderman. Mayor Barstow moved that suitable resolutions in honor of the deceased be prepared for passage at the next meeting. The motion was carried and the grand jury adjournment was taken to the next regular meeting.

BOY SENT BACK TO THE REFORM SCHOOL.

Lewis Morley, on parole from the Ione Reform School was taken back to that institution by J. Preston, one of the guards this morning. After being paroled the boy reported to the Ione authorities, through his father, but the latter was recently gored to death by a mad bull at his home at Fruitvale.

Since his father's death young Morley has lived with his uncle, but this morning failed to report his nephew's good behavior and the Ione authorities decided to take him back to the school for the present.

HIBERNIANS AT REED HALL.

MAYOR SCHMITZ MAKES A SPEECH AT THE ENTERTAINMENT.

Mayor E. E. Schmitz of San Francisco was the guest of honor last night of Division No. 2, Ancient Order of Hibernians, at an entertainment given at Reed Hall.

One of the features of the evening was an original poem given by the Mayor at the end of an excellent address. His poem, like his address, was received with heartfelt applause. He spoke as follows:

"I am pleased always to assist at any Irish entertainment. As some one has very truthfully said, I haven't an Irish name and San Francisco is my birthplace, but my mother was Irish and I have an Irish heart. Later they have been talking in San Francisco about the Irish people who came from different parts of Ireland. I say, what difference does it make? The Irish people ought to all put together no matter in what part of the Emerald Isle they happen to have been born. There ought to be unanimity. Put aside all these bickerings and become a united people and you will be better for it.

"All other nationalities hold together and why should not yours? I want to read you some original lines, the more to carry to your hearts and minds my meaning. When freedom from the skies above looked down for lands of liberty and love, She scanned the universe, and with kindly smile Fixed one standard on the Emerald Isle. She planted the love of truth. The vigor and the fire of youth. And for her motto for her sons she gave, 'Be ever free man and not slave.' For this the stars and stripes, with splendid glory, Emblazon our country's story, Enwrap our hearts with firmest hold.

CHAIN is only as strong as its weakest link, and the weak link must be heard all the strain. It is just so with the human body—a weak heart, stomach, liver or kidneys or a weakness in any other organ makes a sick person. Exposure invariably strikes hardest at the weak point. In many instances irregular menstruation is the weak link in a woman's health, and a cold in this instance especially is attended by harrowing results. Menstruation becomes suppressed and painful and excruciating suffering results. The nerves give way and ailments multiply fast until disease has weakened the whole system. Meanwhile the weak link bearing such a terrible strain snaps. Death is the broken chain.

Madam Rosa Marliani, who lives at No. 2225 Wabash Avenue, Chicago, is one of the leaders in French-American society in that city and is President of the French Singers' Association. She is held in high esteem by her associates who are drawn together in social life by the mutual love of music. Music is an elevating influence in a coun-

Yot leaves some room for green and gold." Edward I. Sheehan, chairman of the evening, urged all Californians of Irish descent to join Irish societies and to do their utmost to keep alive Irish traditions. The rest of the programme consisted of numbers by the Misses Lydia Avall, Bessie Allen, Pearl Hickman, Hilma Butler and Hana H. Hickey, Jeremiah Deasy, W. P. Hynes, M. L. Lewis, Eugene Sullivan and Messrs. O'Connor and Kelleher.

ENQUIRER DEMURRERS. Demurrers were filed yesterday on behalf of G. B. Daniels, L. G. Jordan, A. L. Smith and the Enquirer Publishing Company in the action brought by Dr. Edward W. Cardui on an accounting. The demurrers are upon the same grounds as those in the demurrer filed this ago by County Assessor Henry P. Dalton.

COMMUNITY and Madam Marliani is encouraged and helped in her musical work by the health and energy she derives from taking Wine of Cardui. In writing of her case she says: "I consider Wine of Cardui better than doctors' prescriptions or any other remedy for female trouble. I have tried many, both in this country and abroad, having been a sufferer eleven years, and nothing cured me until I used your remedy. I had such excruciating pains at times that I wanted to die, and indeed a life of suffering is not alluring to anyone. Your splendid medicine strengthened my nerves, restored my appetite and built up the entire system and I now enjoy perfect health."

Madam Marliani was right when she said a life of suffering was not alluring to anyone. After suffering eleven years she was surely fortunate to secure a remedy that would restore her to health. She could not get it from doctors although she went abroad searching for relief. The power of Wine of Cardui to restore weakened organs after years of suffering has been put to the severest tests, but it has never failed to benefit and seldom failed to effect a cure even in the most complicated cases. Another proof of the work of Wine of Cardui.

Women who have suffered and are now cured know how great a remedy this is.

WINE OF CARDUI

CITY COUNCIL PASSED THE FRANCHISE FOR SANTA FE.

Not a Dissenting Vote Was Recorded Against the Proposition—M. J. Keller Speaks on Behalf of the Company.

The City Council held an adjourned meeting last evening and passed to print the ordinance granting to the Oakland and East Side Railway Company a franchise over the route of the California and Nevada line in North Oakland. Ben and Courtney were absent, but there was not a dissenting vote among the Councilmen present.

When the matter was brought up, City Clerk Church first read the application for the franchise. It set forth that the company desired a franchise commencing at the foot of Yerba Buena avenue and running along that thoroughfare to the boundary line between Oakland and Emeryville; also beginning at the boundary line of Oakland and Emeryville and running along Adeline street to Lowell street and thence along that thoroughfare to the boundary line between Oakland and the town of Berkeley. After the reading of the application the ordinance granting the franchise was read.

Wixson moved that the rules be suspended and Cuvellier seconded his motion, but Schaffer suggested that M. J. Keller, representing the Oakland and East Side Railway Company, be heard first.

"I hope you gentlemen will pass this ordinance," said Mr. Keller. "The entire people of the city of Oakland wish it and expect it of you."

"Some fifteen years ago a little band of Oakland business men started out to get more railroads for the city. We corresponded with all the roads that were pointing westward, including the Union Pacific, and we received scant encouragement. We next turned our attention to the Santa Fe, and ever since we have been encouraging that company to come to Oakland. There was a time when the people would have given the Santa Fe a bonus of \$250,000. Now the Santa Fe is knocking at our doors. Is asks for no bonus, for no concessions. It merely desires to use a track already in existence—a track that, for the last twenty years has been a nuisance to that portion of North Oakland.

"The Santa Fe decided to secure the California and Nevada road through a local company and for that reason

company composed of two citizens of Oakland, one of Berkeley, and two of Contra Costa county, was organized. They tried to select men in whom the people would have confidence. The road goes through the city for only a short distance.

"Mr. Payson, speaking for the Santa Fe Company, made no promises, but we all know what the Santa Fe will do. We know that it is coming to Oakland for a purpose; that it will expand and eventually connect with a ferry. A great corporation like the Santa Fe means business. It does not go into a city for the fun of the thing, nor does it mean foolishness. It will be of great benefit to the city and we as a city and you as a City Council can well afford to grant this franchise."

Wallace renewed his motion to suspend the rules and it was, seconded by Wixson and carried.

"I would like to ask Mr. Church why the ordinance says 'in case of suit this ordinance is void,'" said Wixson. "It provides that the work must be begun within a year and completed within two years," said Attorney Church. "That provision is made in the event of the company being enjoined. In such event the time for completing the work is extended."

Wixson then moved that the ordinance be passed to print.

"Before voting I would like to express my views on this subject," said Schaffer. "There is no question that the people are enthusiastic on this project, as we all are. I believe it will be of great benefit and I know it is something that the people have been clamoring for for years."

"Significance has been attached to the absence of three Councilmen from the meeting last night. At no time since I have been in public life have I needed a chisel or broadax to assist me. My opinion has been all along as it is tonight. I believe that in granting a franchise in a city like Oakland there ought to be some restrictions. The Santa Fe is as eager to come to Oakland as we are to have it. They don't say, however, that they will keep a block, a yard or a foot of the street in order. They don't say that the

tracks will be kept flush with the streets. They don't say what kind of motive power will be used. They might put on four mules for all we know. These things ought to be in the franchise or there should be some sort of stipulation in existence. I shall vote to pass this ordinance to print and give the people time to think it over. In Los Angeles a railroad paid the city \$100,000 to use its streets. I believe that the Santa Fe should agree to keep the streets over which it passes in No. 1 repair from curb to curb and to keep in repair a first-class bridge across Temescal Creek. If I'd been here last night I'd have said the same as I am saying now. I may be unjust, but I do not think so."

"Subdivision 34 of section 31 of the city charter covers that," said Attorney Church. "It provides that the Council has the power to pass ordinances to require street railroads to keep the streets in repair between the tracks and for two feet on each side of them."

"But how about from curb to curb?" asked Schaffer. Boyer said that the Council was having trouble keeping street railway tracks in repair. He said he had been trying to induce the Transit Company to repair its tracks on Eighth, Twelfth and Fourteenth streets and on San Pablo avenue. He said he felt with Mr. Schaffer on the subject.

Keller said he thought the company would agree to that. Cuvellier said he thought Schaffer's suggestions were sensible, but he said the ordinance could be amended upon its final passage. He called attention to the fact that the company paid for the printing of the ordinance.

Dornin said that Mr. Payson had stated to the Berkeley Trustees that the company would make an agreement and put up a bond, but that it desired its franchise free and unencumbered. He thought they would do the same for Oakland.

A vote was then taken and the ordinance was passed to print as follows: Ayes—Bishop, Boyer, Cuvellier, Dornin, Fitzgerald, Ruch, Wallace, Wixson, Schaffer—9. Nays—None. Absent—Bon, Courtney—2.

GIVEN DAMAGES FOR QUARANTINE.

CITY COUNCIL DOES RIGHT THING BY AN UNFORTUNATE WOMAN.

The matter for compensation for damages sustained by Josephine Henninger, the landlady of the Pacific House, at 869 Washington street, by quarantine, which was referred to by

several of the councilmen at previous meetings, was brought up at the City Council meeting last night.

The petition of the woman, asking the Council to appoint a special committee with power to act, for the purpose of interviewing her and investigating the damage done by the establishment of a quarantine on March 28 was read. On that day, she explained, a transient roomer was found to be afflicted with smallpox and a quarantine established, by the Health Board, that lost her her roomers and ruined her business. She asks for \$350 for immediate relief, with such further damages as the committee may see fit to award her.

The petition was referred to the Auditing and Finance Committee. Councilman Schaffer then introduced a resolution providing for an immediate appropriation of \$100 urging in support of his action that he knew the woman to be honest and hardworking and eminently deserving of the aid asked. Owing to the quarantine which had frightened away her roomers, he said, she was now destitute and suit was brought, yesterday, by the real estate agents, for the month's rent overdue.

"I have talked to the mayor," said "I have talked with the Mayor," said woman's petition for damages will be favorably reported upon. I ask that this resolution be passed to give her immediate relief."

"Why not vote the \$350 she asks for?" inquired Cuvellier. "I think \$100 is but poor compensation for the woman," added Councilman Wixson. "I don't think it enough."

"But it will be a relief that may hold off the real estate agents and give the woman time," remonstrated Schaffer. "Well, make it \$200," said Wixson. "I move that she be afforded immediate relief in the sum of \$200."

Councilman Cuvellier promptly seconded the motion. "I think, with Mr. Wixson, that an almost irreparable injury has been done to the woman," he added. "She has suffered for the people."

"While thoroughly in sympathy with this case, I wish to oppose the establishment of my vote for the measure as a precedent," explained Councilman Dornin. The amended resolution was unanimously passed.

CAPT. CLAIRVILLE PASSES AWAY.

FOR YEARS HE HAS BEEN IN CHARGE OF ONE OF THE LOCAL FERRIES.

Captain Walter Clairville, for years in command of one of the bay ferry boats, died at 10:20 o'clock last night at his home at 518 Myrtle street. He was 62 years of age and a native of Canada.

Captain Clairville had lived in Oakland for thirty years, and during the greater part of that time, and up to a few years ago, was one of the best known and most trusted of the skippers in the Southern Pacific employ.

He was a member of the Oakland Lodge of Masons and his obsequies will be held under the auspices of that order.

BOYS ARE INJURED IN CAR ACCIDENT.

In a runaway accident last night three brothers, George Wheeler, 9 years old, Raymond, 11 years old, and Leon, 12 years old, were thrown out of a buggy that ran into an electric car. George had his wrists and hands cut and bruised and Raymond suffered cuts about the head. The older boy escaped unhurt. George was sent to the Receiving Hospital, while the other boys were sent to their home, 527 Thirtieth street. Leon had been driving the horse, over which he lost control, and the animal ran into an electric car, demolishing the buggy.

REPAIRS NEEDED AT WHARVES.

BOARD OF PUBLIC WORKS WILL TAKE ACTION AT ONCE.

Much needed repair on the City wharf made the chief topic of discussion before the Board of Public Works at its regular meeting this morning. It transpired that the end of the wharf was without fender piles and was in a condition dangerous to shipping.

Mayor Barstow and Chief Wharfmaster LeBallister spoke in favor of necessary repairs and LeBallister was authorized to go ahead. Those present at the meeting were Mayor Barstow, City Engineer Turner and City Attorney Johnson.

The dangerous condition of the City wharf was called to the attention of the Board in a letter from Jas. A. McAdams, offering to make the necessary repairs for \$135. Six fender piles were reported as necessary and it was recommended that a dangerous broken pile below high tide mark be drawn.

Mayor Anson Barstow said that he had inspected the wharf and found that in its present condition it was actually dangerous to shipping. City Wharfmaster T. W. LeBallister also reported that the repairs were urgently needed. LeBallister was authorized to proceed as he deemed advisable.

A bunch of requisitions from the Superintendent of Streets was approved. Seven demands, aggregating \$1652.25, 20 labor demands aggregating \$1053.25, and 21 sprinklers' demands, aggregating \$420, all against the street fund; 1 salary demand of \$4 against the Park fund; 1 demand of \$2 and three salary demands aggregating \$40 three against the sewer fund; two demands aggregating \$135.39 and seven salary demands aggregating \$382.25 against the Park and Boulevard fund were allowed.

Permission was granted D. J. Snell to move a two-story building from the northwest corner of Chestnut to a lot on the east side thereof between Sixteenth and Eighteenth streets. Permission was also granted Snell to move a building from the southwest corner of Thirteenth and Jackson streets to the south side of Thirteenth street between Oak and Madison.

Secretary Jackson was instructed to notify the heads of all departments to report all old supplies and articles on hand so that an "old horse" sale could be arranged. Adjournment was taken to the next regular meeting.

TO ADVERTISE THE TOWN OF SAN LEANDRO.

Board of Trade Discusses Many Matters of Importance.

PLANNING FOR OPENING OF THE FRUIT SEASON.

SAN LEANDRO, April 30.—Monday evening the San Leandro Board of Trade met in the Town Hall and transacted several important pieces of business.

The first proposition to come before the Board was an offer made by Mr. Angus of the Suburban Electric Light Company, who stated that the company would furnish, free of charge, the power with which to operate a motto to be placed by the Board in any conspicuous place, so as to act as an advertisement for San Leandro. The company, however, would be required to furnish the apparatus, which would cost about \$1 a letter. The members of the Board stated that they would take the matter under consideration and would report to the Board in the near future.

Mr. Angus in the near future, after talking it over with the Board, would be a good plan to have the motto "Welcome to San Leandro" placed on the flag pole facing towards the northwest. This, however, would cost considerable, owing to the large number of letters, and the matter was finally laid over until the next meeting, at which time it will no doubt be settled.

In regard to inserting an advertisement in the "Sunset" magazine, the Board referred the matter to a special committee consisting of Messrs. Barry, Frank and McCarthy. The proposition made by the San Leandro committee is to devote to the magazine at the monthly rate of \$7 and to include a contract for one year, which will be reported upon at the next meeting of the organization. As there were no other matters of importance to be considered, the meeting was adjourned.

ERECTING COTTAGES. There have been erected at the local cannery four of the twenty-eight cottages which will be up by the time the fruit season opens. These cottages will be fitted out in a first class manner. They will be supplied with running water and each place will be fitted with a bed. For each cottage, there will be a bath and twenty-eight cottages, but next year the balance of 12 will be completed, it being the intention of the company to supply its employees with comfortable and healthful places in which they can reside while at work on the fruit.

MR. AND MRS. BUTEN AT HOME. Mr. and Mrs. J. W. Buten have returned to their home at San Leandro after a short stay in the Brotherhood, where they attended the meeting of the Brotherhood of American Yeomen. Mr. Buten is State Organizer of the Brotherhood.

OAKLAND WILL HAVE A BIG TIME ON FOURTH.

General Committee Will Be Appointed to Assist the Merchants in Preparing For the Celebration.

There was just one more than a quorum on hand last night when Chairman Schost called the Merchants' Exchange to order for its regular weekly meeting.

Those who answered the roll-call were George W. Arper, R. M. Briard, D. C. Brown, J. L. Champlin, H. D. Cushman, Theo. Gier, A. Jonas, A. H. Schuster, Fred Sinclair, J. T. W. Sohst, and Wilbur Walker.

NEW CONSULAR SERVICE.

The following resolution was adopted unanimously, after a short discussion:

"Resolved, by the Merchants' Exchange of Oakland, California, that we favor the passage of H. R. Bill No. 54, which is intended to increase the efficiency of the foreign service of the United States and to provide for the reorganization of the Consular Service."

"Resolved, That our Senators and Representatives in Congress are requested to use their efforts to secure the passage of the same as soon as possible."

CONTRA COSTA ROAD.

The chair announced that the deed to the right of way for the Contra Costa County road through the Edison Adams property had been filed during the day and that it was expected that the deed to the right of way across the Dunn property would be filed within a day or so.

ARPER ON SLUGGARDS.

G. W. Arper, talking for the Fourth of July Committee, took a notepad at the sluggards who shirk work when it comes to any general public event. He declared it high time for Oakland to throw off its old time lethargy and get to work. It was not fair he said to compel a half dozen or so public-spirited citizens to do the work of all. All of his hearers were in entire accord with him and at the end of this talk it was decided to call a general citizens' meeting for next Tuesday night for the purpose of properly celebrating the Fourth. The meeting will be held at the Exchange headquarters, and all public spirited citizens are cordially invited.

BOARD OF TRADE MEETS AT BERKELEY

ACTION OF THE TRUSTEES IS SUSTAINED BY THE SPEAKERS.

April 20.—One hundred of representative citizens, at the Board of Trade, met to consider ways and means of the improvement of the city. The meeting almost unanimously endorsed the stand taken by the Board of Trade in refusing to grant a franchise unless the franchisee agreed to maintain communication within the town limits. The unanimity of opinion of those present and the unqualified endorsement of the action of the Trustees will probably result in the Trustees maintaining their position.

C. E. Thomas moved that the action of the Trustees be endorsed.

The motion was seconded by Charles Spear. A rising vote was then taken, and the motion carried with the exception of four of those present.

Other questions were discussed relating to the improvement of Berkeley. The speakers were James V. Chandler, R. L. Barker, John Lynch, E. H. Webb, R. L. Bains, M. L. Ryder, Judge G. W. Haight and Lyman Allen.

WILL CONNECT OAKLAND WITH POINT RICHMOND.

The Oakland Transit Company has acquired the Macdonald-Henshaw franchise in Contra Costa county from the Alameda county line to Point Richmond and it is stated that the company will connect with Point Richmond as soon as it completes the work on its line to Mountain View. The company has already applied to the Supervisors of Alameda county for a franchise from the Berkeley line to the Contra Costa county franchise.

Will Erect New Church.

Ground was broken yesterday at the corner of Thirty-sixth and Grove streets, where the new South Congregational Church is to be erected. It is planned to have the new edifice ready for dedication by August 1.

Heirs of Edward Edwards Compromise with Company.

A compromise has been effected between the heirs of the late Edward Edwards and the Mutual Reserve Insurance Company, whereby the former will receive \$50,000 from the latter. Edwards was insured in the company for \$100,000, but when the claim was presented the company rejected it on the ground that Edwards died of blood poisoning, the result of an operation for gonorrhea, and that the deceased was not well when he took out the policy. A suit was threatened, but the compromise was finally effected.
